

# RENAULT MASTER

## admire its distinctive look

Modernise your company's image. Dynamic logo, expressive lights, updated lines... More than just a van, Renault MASTER is your business card. Let people know you mean business!

## practical and versatile

Optimum visibility, ergonomic controls, adjustable driving position, a range of accessible storage. This cabin exudes professionalism.

### New generation ESP

For your safety, we have equipped the Renault MASTER with the latest generation of ESP as standard. It is enhanced by two key functions for your daily use. Extended Grip optimises your road-holding ability on loose road surfaces such as sand and mud. Hill-start assist helps you pull away smoothly even with a full load.

### hill start assist

On slopes with a gradient of more than 3%, your Renault MASTER is automatically held steady for two seconds, allowing you to move off smoothly. Handy when you've got a full load!

## practical and versatile

We have designed Renault MASTER's cab for your comfort. Ergonomic controls, adjustable seat and steering wheel to adapt your driving position, air conditioning, optimised soundproofing, multiple storage compartments... Even long journeys are pleasant and relaxing.

### Generous storage

Keep everything to hand. Renault MASTER is a model of functionality. Enjoy the many large, practical storage compartments.

## Loading capacity

Available in three lengths and three heights, Renault MASTER can carry anything. It brings you a choice of load volume from 8 m<sup>3</sup> to 17 m<sup>3</sup>. You get up to 2,040 kg of payload in the panel van version and 2,435 kg in the chassis cab version.

Easy loading
